**Notice of Arizona Commission Decision in
Docket No. T-00000A-00-0194 – Phase IIA**

Summary of Change:

The Arizona Corporation Commission issued its Opinion and Order (Decision No. 65451) in Phase IIA of its wholesale cost docket proceeding on December 12, 2002. Qwest submitted its compliance filing regarding the rates impacted by this Decision on January 10, 2003.

The purpose of this notice is to provide you with information regarding Qwest's planned implementation timeline for the rates contained in this docket. The rates addressed by the Commission in this phase of the wholesale cost proceeding are effective as of December 12, 2002 and include rates associated with local traffic switching, remote collocation, shared transport, local tandem switching, local switching port & features, customized routing and unbundled packet switching.

Qwest is currently in the process of performing the activities necessary to implement the new rates as ordered by the Commission. Under the current schedule, Qwest anticipates completing updates to your interconnection agreement rate sheets by the end of January. You should begin to see the rates being reflected on your monthly bills by the end of February. Adjustments as a result of any true-up language contained in your interconnection agreement will be calculated and reflected on a subsequent bill without any action required on your part.

Qwest will provide you with regular updates as the implementation process progresses. If you have any questions, please contact your Service Manager.

You are encouraged to provide feedback to this notice through our web site. We provide an easy to use feedback form at <http://www.qwest.com/wholesale/feedback.html>. A Qwest representative will contact you shortly to discuss your suggestion.

Sincerely,

Qwest
